NEEDHAM, Mass., June 12, 2018 /PRNewswire/ -- TripAdvisor®, the travel planning and booking site, today announced the top wellness travel destinations in the U.S. and around the globe. TripAdvisor identified zen destinations where travelers can retreat to focus on well-being, yoga, meditation and self-care based on destinations seeing the greatest amount of related search terms on TripAdvisor.

Wellness tourism is a growing trend where travelers are seeking health and spirituality on their trips. The trend continues, with 25 percent of travelers saying they plan to take a wellness trip in the next 12 months, according to a recent poll of TripAdvisor's global Facebook community.

"For travelers looking to improve their spiritual or physical health, or just an escape for digital detox, these destinations offer a wide variety of peaceful accommodations and experiences to revitalize the soul," said Brooke Ferencsik, senior director of communications for TripAdvisor.

To help travelers on their journey to feeling centered, TripAdvisor also surfaced highly-rated spa hotels, wellness experiences and healthy restaurants for maximum mind and body harmony.
